

Public Information

Michele R. Carden-Gayles, Chairperson and Chavon Rogers, Co-Chairperson

Public Information: Increase awareness and recognition of Gamma Phi Delta Sorority in our community. Public Information is the fourth element of MEEPS. The Public Information Committee was established to promote the GPD information, projects and activities to the public through multiple channels including person to person, chapter web site, social media platforms such as (Facebook, Instagram, Twitter etc.,) and through traditional media (local newspapers, News Media, Radio Interviews). Raise our public image in the Washington Metropolitan Area and throughout the GPD organization.
